TREND 1 GREEN IS THE NEW BLACK

Green? The citrusy shade is the latest rage in nail polish — who would have thought it! Though it might *seem* like a crazy color to wear, “green adds edge to your style,” says celeb manicurist Elle. “Plus, there’s a shade that complements every skin tone.” Think it’s too bold for a regular mani? Get a pedi and test it on your toes first!

This teal shade flatters everyone thanks to its hint of blue. Orly Nail Lacquer in Green With Envy, \$7, orlybeauty.com
